Happy 1st Birthday!
Here's Something to Brighten Your Smile

Happy Birthday!

Have your doctor or your dentist check
your baby's teeth at age 1.

Tips for Brushing Your Baby's Teeth:

Choose a time after feeding the baby.

Cradle your baby's head with one arm
and brush with the opposite hand.

Sing, talk and smile with your infant
while cleaning their teeth.

Brush teeth twice a day.

Be an example. Let your baby watch
you brush your teeth.
